

Cybersecurity and Data Protection

Codes, Certification and Enablers

If you are a Critical Information Infrastructure (CII) owner:

- Comply with Cybersecurity Code of Practice (CCOP) or Standards of Performance in accordance to the Cybersecurity Act

If you are an enterprise owner:

- Assess your organisation's digital maturity and extent of personal data processed
- Apply for the relevant certification/scheme, or refer to the relevant codes and enablers

	GETTING READY FOR THE DIGITAL ECONOMY	GROWING IN THE DIGITAL ECONOMY	LEAPING AHEAD
<p>CYBERSECURITY As a company increases its level of digitalisation</p>	<p>Enabled by:</p> <ul style="list-style-type: none"> • <u>Cyber Essentials as-a-service</u> • <u>Cybersecurity toolkits</u> 	 <p>CYBER ESSENTIALS</p>	 <p>CYBER TRUST [Tier]</p>
<p>DATA PROTECTION As a company increases its collection and use of personal data</p>			

If you are a manufacturer of:

- Consumer smart devices – Apply for the Cybersecurity Labelling Scheme (CLS) to rate devices according to their levels of cybersecurity provisions
- IT security products – Apply for the Singapore Common Criteria Scheme
