

CYBER TIP: BEWARE OF PHISHING SCAMS

How you can protect yourself:

- **Think** before you click on unknown links in messages and emails.

- **Only download** apps from official app stores such as Google Play Store (Android) or Apple App Store (iOS).

- **Always verify** the authenticity of emails, calls or requests through official sources and check with family and friends.

- **Do not disclose** your confidential information and banking details.
